

# Superpower Dojo

We're so excited to have you join us in our Superpowers Unleashed Dojo masterclass!

Before we begin, there are a few things we'd like to point out:

1. This is a safe place where your views and experiences are respected. As a participant, you are free to share with fellow group members as much or as little as you'd like to. Please know that while we make every effort to keep private the information you share within the Facebook group, we aren't able to guarantee complete confidentiality. Your group leaders will only disclose the information you share if you give us permission to do so, or if we fear that you might be a danger to yourself or to someone else. We care about you and want this experience to be a great one for you!
2. Your group leaders are not trained or licensed counselors, therapists, psychologists, or psychiatrists. We are fellow sojourners who have also walked difficult paths, and we are guides for your journey over the next several weeks. By participating in this masterclass, please know that we are not entering into any kind of professional mental health relationship. If you feel that you would benefit from the care of a trained mental health professional, please reach out and we will do our best to share what we know to help connect you with someone in your local area.
3. In this class, we celebrate all walks of life and do not discriminate on the basis of skin color, ethnicity, culture, religion, or gender. Thank you for not using this class as a platform for any sort of business opportunity. Also, we request that you do not share the video content, lessons, or the comments of others with anyone outside of the group.

We look forward to having you in the Dojo!
